EXPERIENCE

UX Design Contractor, Danti. Atlanta, GA

September 2023–June 2024

- Developed user-friendly interfaces in Figma that enable individuals with varying levels of expertise to access and explore real time Earth data.
- Participated in design reviews with a multidisciplinary team. Iterated on designs based on stakeholder and team feedback. Provided documentation to support front end engineers after design hand off.
- Collaborated with the design team to convert product specifications into dynamic designs.
- Performed secondary research to discover user behaviors/needs. Used information to create user survey.
- Supported the design team in organizing and standardizing visual elements in Figma.

Primary Caregiver, Ramdeen Family. Alpharetta, GA

2014–Present

- Responsible for the planning and implementation of financial, medical, nutritional, and recreational needs.
- Planned and executed activities that facilitate the learning, development, and overall well-being for each user.

Designer, Kirchner Designs. Atlanta, GA

May 2014–April 2016

- Responsible for transforming client research reports into design-focused graphics and presentations.
- Collaborated with other designer to ensure the product successfully met stakeholder needs.
- Created custom graphics in PowerPoint and Photoshop.

Early/Head Start Health Manager, Clarke County School District. Athens, GA

August 2012–April 2014

- Responsible for managing and tracking health requirements for over 300 children birth to 5.
- Designed training for parents and staff on the importance of preventative well child check-ups, nutrition, and program requirements.
- Collaborated with staff to identify client pain points, create plans to obtain services, receive documentation, and evaluate processes.
- Partnered with District nurses and local community agencies to ensure mandated hearing, vision, and dental screens were scheduled and completed in a timely manner.

Health Check Liaison, The Northeast Health District. Athens, GA

November 2010–August 2012

- Identified family pain points in obtaining preventative health care, provided education, assisted in finding local services, and encouraged making necessary appointments.
- Collaborated with Maternal Health Programs to foster well-being of young children.
- Worked in partnership with DFCS to ensure children were receiving health visits on time.
